

You're invited to the 4th annual Oakridge School Auction!

Oakridge School is a school for the developmentally disabled students in Nebo School District. Students who attend Oakridge School have a variety of disabilities such as Angelman Syndrome, severe Autism, Rett Syndrome, and Down Syndrome, just to name a few. As with all teachers, we love our students and desire for them to have a high quality education as well as a high quality of life. You are invited to an auction to help raise additional funds to meet the needs of our students.
