

May 2017

Dear Parents of 5th Grade Students:

Great News!! An orchestra program just for 6th graders is offered before school. Students can choose to play violin, viola or cello. Violas and cellos may be rented from the district for \$100 for the school year. Violins can be rented or purchased at a local store. Tuition is \$75 for the year. Classes will be Monday and Wednesday and every other Friday from 8 a.m. to 8:45 a.m. at Sierra Bonita elementary school. Fees will be paid in September, but you may reserve a district-owned cello or viola now by contacting me. Instruments are limited. First come first served.

My name is Mrs. Marci Schramm and I am the instructor. I have a Music Education Bachelor's degree. I have 9 children and 18 grandchildren. Studying music was a lifelong and life changing process for my children. A small fortune was spent on instruction and instruments at our home. It was the best money spent. My daughters have graduated from college, performed, taught at schools, run studios out of their homes, and produced programs.. My son graduated in cello, went to medical school and became an ENT doctor with pediatric specialty, and he helps children hear for the first time! I love making music with kids!

Music puts kids in the best social circles. It develops self-discipline, self-confidence, determination, work ethic, and it is down right fun. This could be an important first step for your child's direction in life. Whether or not it leads to serious music study, it will be a great experience. There is a Monster Concert in April combined with other Nebo District 6th graders.

To pre-register for this fall, please email me at marci.schramm@nebo.edu with the information below. You may also text me at 801 229-1981, questions are welcomed!

Sincerely,

Marci Schramm
Instructor

Sincerely,

Garrett Andersen
Principal
