

# School Improvement Plan

## Goal #4

This Plan also meets legislative requirements for the Elementary Reading Achievement Plan, Professional Development Plan, and Trustlands Plan.

School Name: Sierra Bonita Elementary

School Year: 2016 - 2017

Goal: Teachers will participate in professional development to enhance instruction through the effective use of technology.

Nebo Goal (Board Goal) Connection:

- Continuous network upgrades to support mobile 1:1 learning
- 1:1 implementation which will include
  - Ongoing professional development on SAMR principles
  - Digital learning coaches in every school to support teacher development
  - On-site tech support in every school

Action Plan(s):

1. Students, teachers, and staff members will have access to and will use technology to enhance teaching, learning, and communication.
2. Classroom teachers will provide technology instruction to increase student knowledge regarding the technology curriculum.
3. Technology will be purchased to continually address the instructional/technology needs of the school.
4. 3rd-5th grade students will participate in district sponsored keyboarding lessons and programs.
5. Teachers and staff will attend training and professional development by attending conferences and workshops.

Measurements of Success: 90% of certified staff members will attend on-site professional development. Teachers will have a positive disposition toward and will demonstrate an increased confidence in using technology as assessed through teacher survey data.

Supporting Professional Development Activities (if applicable):

- Site-based professional development
- District Workshops

- Conferences
